

November 15, 2023

It is with great pleasure that I am writing this letter in support of Joseph Sidote. I have had the pleasure of knowing him for the past few years as a student in my Information Technology shop at Vinal Technical High School.

The Information Technology shop at Vinal Tech is a challenging program where students learn various skills such as Networking, Computer Programming, Hardware troubleshooting, as well as Adobe and Microsoft Software applications and computer science theory. Joseph has excelled in this program and has earned numerous industry recognized certifications, including CompTia (ITF - Information Technologies), TestOut (IT Fundamentals, PC Pro), and Microsoft Office Specialist (MOS PowerPoint 2019, MOS Excel 365).

In addition to mastering these software programs, the students are also given opportunities to apply them in real-world projects for the school and the community. Joseph has consistently shown himself to be a hard-working and conscientious student. He not only completes his work on time, but he consistently goes above and beyond to produce work of exceptional quality. His attention to detail and determination to exceed expectations are truly impressive.

I have witnessed Joseph's growth and development over the years, and I believe that his work ethic and dedication will lead to great success in his future endeavors. He has a strong ability to persevere through challenges and consistently strives for excellence. I have no doubt that he will bring the same level of commitment and dedication to any college or institution he attends.

If you have any further questions or require additional information, please do not hesitate to contact me. I am more than happy to provide any further support or insights regarding Joseph's academic achievements and personal qualities.

Sincerely,

*RoseAnn Vaughan*
